Special Meeting by Phone and Email

President Gene Hooff reached out via phone and email to the entire Board to discuss the status of the Fall General Meeting scheduled for October 2026. There have been a number of inquiries about security for the speaker panel in light of some negative publicity. It was the consensus of the Board that as an organization we were not prepared to handle enhanced security and for this reason there was a motion by Jim Rowley to cancel/postpone the General Meeting. The motion was seconded by Bob Connelly. The vote carried unanimously.

Secondarily, it was agreed to schedule an October Board meeting on October 8th to discuss next steps.

Respectfully submitted,

Maribett Varner
Secretary
